Tetra Pak® Installation Services

Ensuring fast and seamless start-up

Tetra Pak® Installation Services make sure that your equipment is installed, running, and delivers in full. We even guarantee it.

Getting it right from the start

Whether it's a greenfield plant or expansion of existing operations, we get the project off to a good start. And we don't just make sure that your equipment is installed and running – we even guarantee its performance.

Key benefits

- Solid foundation for commercial production
- Safe, timely and cost-efficient installation and start-up
- Production assistance from our experts

Our offering

- Installation with certified performance
- Plant optimisation
  - Plant design
  - Plant simulation
- Installations with aseptic qualification
- Flexible installations
- Start-up offering

"Four months ago we invested in a big factory, needed to set up processes, train staff, it was a huge task, this being a new area of business for our group. However, with the Start-up offering from Tetra Pak we had an exceptional market entry – good quality levels, smoothly running operations and competent and motivated staff to make all that possible."
