

TETRA PAK® PLANT CARE WITH PREDICTABLE MAINTENANCE COST

DAIRY PRODUCER IN EUROPE

CHALLENGE

Find a maintenance solution that helps reduce annual maintenance cost.

SOLUTION

A tailor-made maintenance solution with an overview of coming service events in the annual maintenance plan; our maintenance system with the “check and change” maintenance technique; a web-based parts inventory management system called ePIMS.

RESULTS

- ✓ Maintenance costs went down 45%
- ✓ Spare parts consumption went down 8%
- ✓ Line machine mechanical efficiency (LMME) was above 96%.
